BLUETOOTH HANDSFREE LIGHT

## The perfect handsfree speakerphone solution for your car or office.

Stylish in design, easy to use and with no installation requirements, the BlueAnt Supertooth Light offers the latest in speakerphone technology. Easily mounted on the car's sun-visor via a magnetic clip, its sophisticated Digital Signal Processing solution processes echo and background noise improving the sound quality of the user's voice. It also adjusts sound levels to compensate for loud engine noise or external noise created when the windows are wound down.

- > World class Digital Signal Processor (DSP) for noise and echo cancellation
- > Fully portable, sleek design with zero installation costs
- > Full duplex & high performance speaker
- > Mounts on a sun-visor using a two sided magnetic clip
- > Easily switch sides when moving sun-visor up or down
- > Sliding microphone shaft retracts when not in use
- > Supports voice dial activation, redial & call reject
- > Supports multi-pairing to 5 devices
- > Rechargeable lithium-ion battery
- > Up to 15 hrs talk-time or 800 hrs / 33 days standby

BlueAnt's 2 year full replacement warranty and dedicated toll-free, technical support line provide you with added peace of mind. For more information on BlueAnt's warranty support please visit [www.blueantwireless.com](http://www.blueantwireless.com)
